# **B** Monitoring and Complaints Summary

Period: 1/10/2024 to 1/11/2024

### B1 Number of Pollution Complaints

13 November 2024

| Pollution Category | Number of Complaints |
|--------------------|----------------------|
| Air                | 0                    |
| Water              | 0                    |
| Noise              | 0                    |
| Waste              | 0                    |
| Other              | 0                    |

EPL Number: 555

Licensee's name: ENERGYAUSTRALIA TALLAWARRA

Licensee's address: Tallawarra Power Station, Princes Highway, YALLAH, NSW 2530

Link to EPL: http://www.epa.nsw.gov.au/prpoeoapp/Detail.aspx?instid=555&id=555&o

## **B2** Concentration Monitoring Summary

#### Monitoring Point 2: Effluent quality monitoring

| Pollutant                       | Unit of<br>Measure      | No. of<br>Samples<br>required | No. of samples collected | Date samples collected | Lowest<br>sample<br>value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|---------------------------------|-------------------------|-------------------------------|--------------------------|------------------------|---------------------------|----------------|----------------------------|------------------|
| Biochemical<br>oxygen<br>demand | milligrams per<br>litre | Special<br>Frequency 1        | 0                        | -                      | 1                         | -              | -                          | 20               |
| Total<br>suspended<br>solids    | milligrams per<br>litre | Special<br>Frequency 1        | 0                        | -                      | -                         | -              | -                          | 30               |

0

Comments:

#### **Monitoring Point 4: Ambient water monitoring**

| Pollutant   |                    |            | No. of samples collected | Date samples collected | Lowest<br>sample<br>value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|-------------|--------------------|------------|--------------------------|------------------------|---------------------------|----------------|----------------------------|------------------|
| Temperature | Degrees<br>Celsius | Continuous | Continuous               | NA                     | 16.9                      | 18.4           | 19.4                       | NA*              |

Notes: \*Tallawarra does not have water quality licence limits for ambient water quality monitoring in its EPL. ANZECC Guidelines apply

to receiving waters

Comments: Periods where the plant is offline or Thermoshock is active have been removed from this data set.

13 November 2024

#### Discharge and Monitoring Point 5: Discharge water quality monitoring

| Pollutant   | Unit of<br>Measure |            | No. of samples collected | Date samples collected | Lowest<br>sample<br>value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|-------------|--------------------|------------|--------------------------|------------------------|---------------------------|----------------|----------------------------|------------------|
| Temperature | Degrees<br>Celsius | Continuous | Continuous               | NA                     | 14.5                      | 16.5           | 20.7                       | 35               |

Comments: Periods where the plant is offline have been removed from this data set.

# **Monitoring Point 6: Ambient water monitoring**

| Pollutant   | Unit of<br>Measure |            | No. of samples collected | Date samples collected | Lowest<br>sample<br>value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|-------------|--------------------|------------|--------------------------|------------------------|---------------------------|----------------|----------------------------|------------------|
| Temperature | Degrees<br>Celsius | Continuous | Continuous               | NA                     | 16.0                      | 19.5           | 23.5                       | NA*              |

Comments: n/a 13 November 2024

# **Monitoring Point 7: Ambient water monitoring**

| Pollutant   | Unit of            |            | No. of samples collected | Date samples collected | Lowest<br>sample<br>value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|-------------|--------------------|------------|--------------------------|------------------------|---------------------------|----------------|----------------------------|------------------|
| Temperature | Degrees<br>Celsius | Continuous | Continuous               | NA                     | 17.1                      | 19.6           | 23.2                       | NA*              |

Comments: n/a

### **Monitoring Point 8: Discharge water monitoring**

| Pollutant                                   | Unit of<br>Measure      | No. of<br>Samples<br>required  | No. of samples collected | Date samples collected | Lowest<br>sample<br>value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|---|-------------------------|--------------------------------|--------------------------|------------------------|---------------------------|----------------|----------------------------|------------------|
| Copper                                      | micrograms<br>per litre | Monthly<br>during<br>discharge | 0                        | -                      | -                         | -              | -                          | NA*              |
| Nitrogen<br>(total)                         | milligrams per<br>litre | Monthly<br>during<br>discharge | 0                        | -                      | -                         | -              | -                          | NA*              |
| рН  | рН                      | Monthly<br>during<br>discharge | 0                        | -                      | -                         | -              | -                          | NA*              |
| Total<br>Phosporous -<br>filtered<br>sample | milligrams per<br>litre | Monthly<br>during<br>discharge | 0                        | -                      | -                         | -              | -                          | NA*              |
| Total<br>suspended<br>solids                | milligrams per<br>litre | Monthly<br>during<br>discharge | 0                        | -                      | -                         | -              | -                          | NA*              |
| Zinc  | micrograms<br>per litre | Monthly<br>during<br>discharge | 0                        | -                      | -                         | -              | -                          | NA*              |

13 November 2024

Notes: \*Tallawarra does not have water quality licence limits for ambient water quality monitoring in its EPL. ANZECC. Guidelines apply

to receiving waters

Comments: No discharge

### Discharge and Monitoring Point 9: Air emissions monitoring

| Pollutant            | Unit of<br>Measure         | No. of<br>Samples<br>required | Lowest sample value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|----------------------|----------------------------|-------------------------------|---------------------|----------------|----------------------------|------------------|
| Moisture content     | Percent                    | Continuous                    | 8.0                 | 8.5            | 8.6                        | NA               |
| Nitrogen oxides      | parts per<br>million       | Continuous                    | 9.9                 | 13.2           | 16.3                       | 25               |
| Oxygen (O2)          | Percent                    | Continuous                    | 13.1                | 13.3           | 13.7                       | NA               |
| Temperature          | Degrees<br>Celsius         | Continuous                    | 89.6                | 91.6           | 93.4                       | NA               |
| Volumetric flow rate | cubic metres<br>per second | Continuous                    | 291.8               | 372.3          | 412.2                      | NA               |

### Discharge and Monitoring Point 13: Air emissions monitoring

| Pollutant            | Unit of<br>Measure         | No. of<br>Samples<br>required | Lowest sample value | Mean of sample | Highest<br>sample<br>value | Licence<br>Limit |
|----------------------|----------------------------|-------------------------------|---------------------|----------------|----------------------------|------------------|
| Moisture content     | Percent                    | Continuous                    | 10.0                | 10.0           | 10.0                       | NA               |
| Nitrogen<br>oxides   | parts per<br>million       | Continuous                    | 11.2                | 13.7           | 17.5                       | 25               |
| Oxygen (O2)          | Percent                    | Continuous                    | 13.1                | 13.3           | 13.7                       | NA               |
| Temperature          | Degrees<br>Celsius         | Continuous                    | 612.4               | 656.0          | 664.1                      | NA               |
| Velocity             | Meters per second          | Continuous                    | 46.8                | 67.8           | 75.8                       | NA               |
| Volumetric flow rate | cubic metres<br>per second | Continuous                    | 327.9               | 477.4          | 534.9                      | NA               |

Notes:

Moisture content subtituted for conservative value of 10%

Temperature substituted for yearly averages to date due to probe fault.

# **B3** Volume or Mass Monitoring Summary

13 November 2024

# Monitoring Point 3: Sewage volume monitoring

| Pollu | Unit of               |            | No. of samples collected | Date Samples collected | Lowest<br>result | Mean<br>result | Highest<br>result | Licence<br>Limit |
|-------|-----------------------|------------|--------------------------|------------------------|------------------|----------------|-------------------|------------------|
| Sew   | Kilolitres per<br>day | Continuous | **                       | NA                     | 0                | 0              | 0                 | 100              |

Notes:

\*\* Continuous data recorded via inline flow meter
